Hot tubs

FOR A WELL-DESERVED BREAK!
2020

Sima, all summer long!

Life is meant to be enjoyed!

Warm water has long been known for its invigorating and relaxing properties. Our various hot tub collections are exactly what you need to enjoy moments of relaxation and pleasure with friends and family!

FAST DELIVERY

Keep an eye out for our hot tubs available with fast delivery to receive your hot tub in only a few days!

Contact your Sima dealer for more information!

Sima, all summer long!

Inspiration

ENJOY A RELAXING, REJUVENATING EXPERIENCE IN YOUR OWN BACKYARD!

Do you dream of buying a hot tub? Its benefits are widely known. Hot tubs promote relaxation, provide natural and gentle muscle pain relief, and tone and stimulate the body through hydrotherapy.

TIP FROM YOUR SIMA DEALER

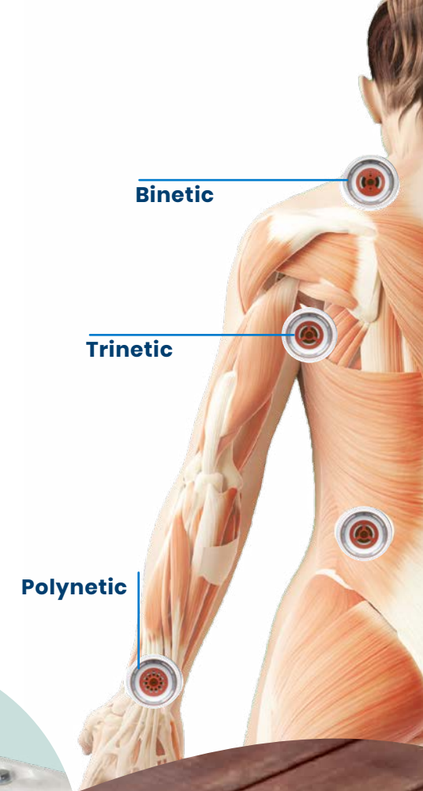
A great deal of thought and preparation goes into installing a hot tub. We can guide you every step of the way to bring your project to life!

Inspiration exclusive

Air X seat

Our **Inspiration** therapeutic hot tubs, with a section featuring Air X technology, are perfect for soothing neck, shoulder and hip muscles, while promoting relaxation and reducing stress.

Air X is a three-jet therapeutic system. First, **Trinetic** provides targeted care for problem areas. Second, **Polynetic** is a strong yet balanced jet perfect for wrists, joints and sensitive muscles. Third, **Binetic** is a double jet providing a therapeutic effect over larger areas.



Other jets

Inspiration

Our INSPIRATION collection

Choose from our selection of therapeutic hot tubs to create a custom hydrotherapy experience.

OPTIONS

Source of connectivity

Our technological accessories are innovative and simple, and will make your experience even more enjoyable!

WiFi management system

Control your hot tub remotely

Available as an option in the Inspiration and Classic collections.

The Balboa Worldwide (BWA™) app (Android or iPhone) allows you to control your hot tub from anywhere. You can start up the pumps, set the temperature, turn on the lights, program the filtration cycle, etc. Your hot tub is ready when you are!

Bluetooth BBA™

Available as an option in the Inspiration LSX configuration only.

Fully integrated with the hot tub controls (no additional panel required), BBA™ can be controlled through your smart phone or the control panel. Listen to your favourite playlist or stream music from your smart phone, using user-friendly control menus.

- Wireless Bluetooth 4-channel amplifier and 120 Watts RMS
- Up to 30 Watts per channel
- Songs and data display (artists, song, duration, etc.)
- Adjustable audio mode according to type of music
- USB port
- Enhanced bass quality

Spa touch²

Available as a standard feature in the Inspiration LSX configuration only.

Features a larger screen than the previous version—with new technology. Made of high-quality material, it is waterproof and very resistant. The Spa Touch2 will respond to your demands at all times.

TIP FROM YOUR SIMA DEALER

There are several types of sanitizer to maintain crystal clean water. We can guide you in finding the perfect solution for your needs.

Aquanova™

UV and ozone sanitizer

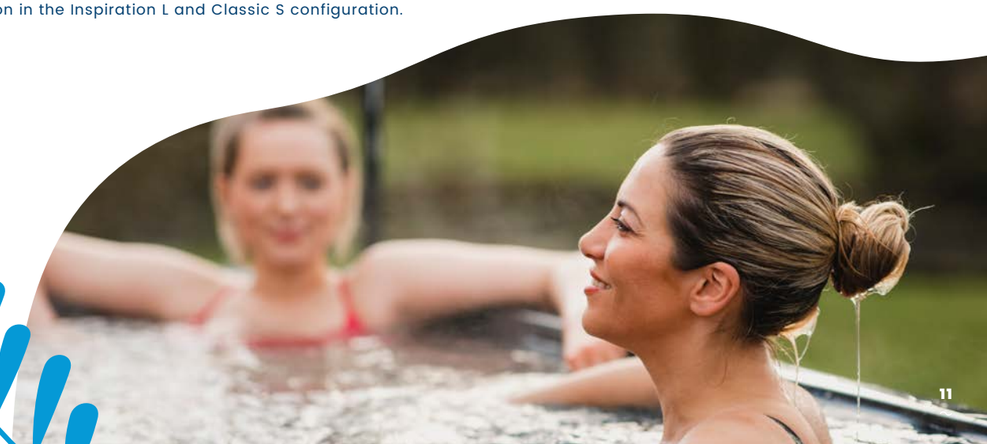
Available as a standard feature in the Classic SX and Inspiration LSX configuration only.*

The hygiene of your hot tub will be optimized and therefore will require less maintenance and less chemical products

When exposed to sunlight, ozone is converted into hydrogen peroxide, and then turned into hydroxyl radicals, which are more efficient and powerful than hydrogen peroxide and chlorine.

Advanced oxidation process (AOP)

*Available as an option in the Inspiration L and Classic S configuration.



CONFIGURATIONS

The Inspiration collection features two layouts (L and LSX), as does the Classic collection (S and SX). Each configuration offers several distinct features.

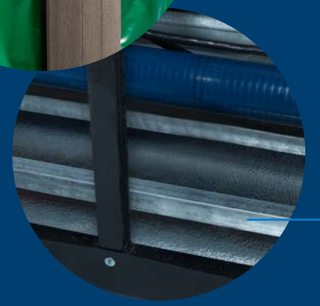
HOT TUBS DESIGNED FOR OUR HARSH WINTERS!

Features of our Inspiration and Classic hot tub collections

Rockwool insulation and ABS insulated base for optimal heat retention.



Galvanized steel base

guaranteed not to perforate due to corrosion.

WeatherShield cover

Made with a new material that is 3 times more resistant and 25% lighter than vinyl, this cover also features a more modern look.

Our
DREAM MAKER
collection

NEW

Every Dream Maker hot tub is made out of Syncrylic which offers the shine and look of acrylic with the durability of polyethylene.

Syncrylic™

The Super Seal cover

Available as a standard feature with all Dream Maker hot tubs

This cover provides superior heat retention as it nests perfectly in your hot tub, creating a tight seal. It's made with the new WeatherShield material which is 3 times more resistant and 25% lighter than vinyl.

Cabana™ COLLECTION & SUITES

TIP FROM YOUR SIMA DEALER

The hot tub cover is one of the most important accessories. Not only does it protect your hot tub against the weather, it makes it safer and allows for significant savings in heating and maintenance.

ACCESSORIES

for easy access

Steps and handrails

Strong and safe, they facilitate access to the spa

Replacement cartridges (filters)

Your SIMA dealer offers a wide selection of cartridges. Feel free to ask them for advice.

Cover lifter

By adding a cover lifter, you can raise and store the cover more easily.

Sima, your partner for summer greatness!
