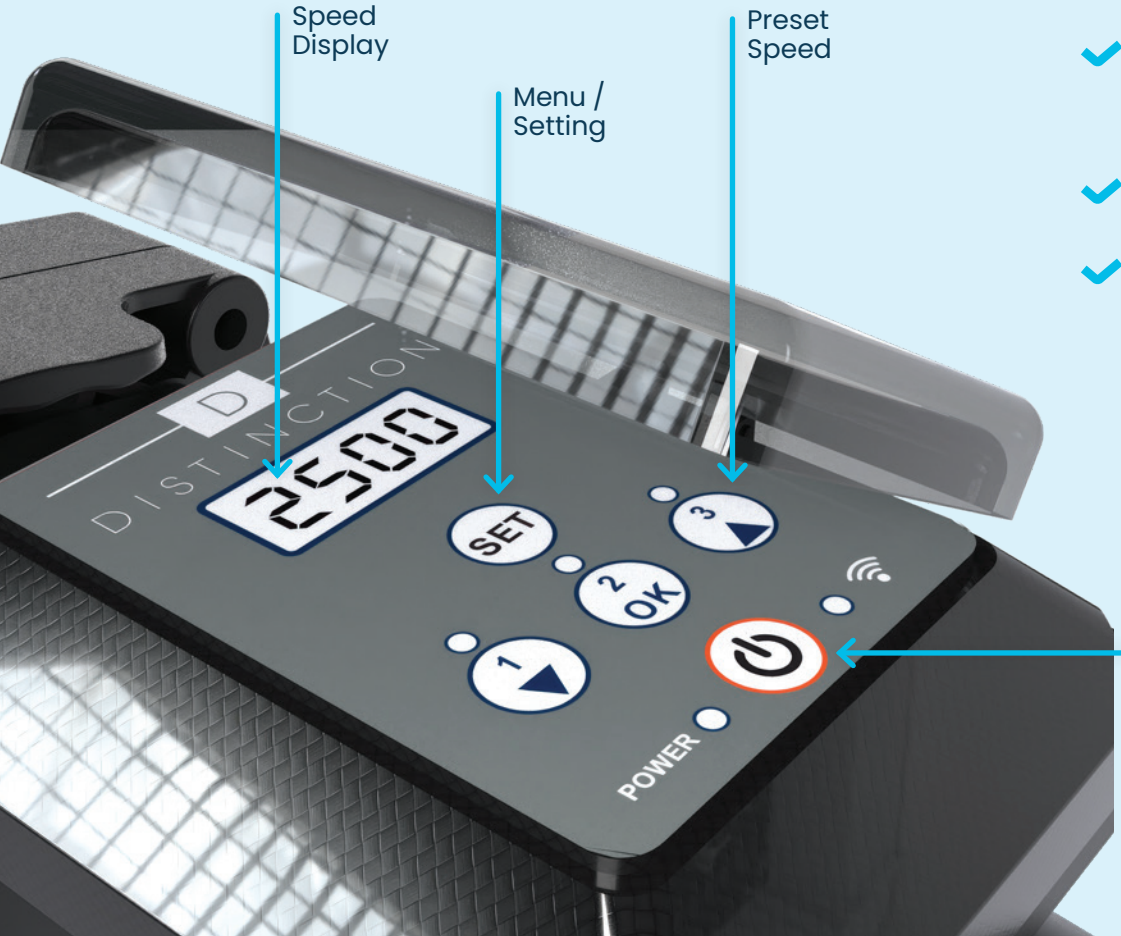
VARIABLE SPEED PUMP
PRODUCTIVE AND RELIABLE

WIFI

Designed to deliver optimal performance, the variable speed pump combines a powerful motor with a refined design. It can reach up to 86% efficiency, significantly exceeding typical industry standards.

- Simple, hassle-free installation
- Efficient noise reduction system
- Power cable compatible with 120V / 240V

SMART AND USER-FRIENDLY CONTROL PANEL



FEATURES

- Powerful self-priming
  Up to 3.5 m above water level
- Universal fittings
  Compatible with imperial and metric standards
- IPX5 waterproof rating
- Basket capacity: 2 L
